## BIO

The Author of *Enlightened Rome*, Diane shares her deep appreciation for the power of beauty in places to inspire new ideas for more joy in our lives.

Growing up living abroad and traveling the world, Diane developed a natural appreciation for peoples, arts and cultures. Her life and architecture career experience, plus her natural talent make her an expert in the art of fulfillment.

Along her journey through disconnection, heartbreak and feeling lost, Diane stepped out of invisible traps, healed and developed a perfectly aligned vision for her life.

Now, Diane guides women to develop their most authentic vision for their "Next Act" so they can experience life with more vitality, peace, freedom and joy - *beyond success*.
